

2021 NTD HERCULES POWER PROGRAM

National Tire Distributors, Inc. offers the Hercules Power Program to select dealers in Canada. Unless terminated earlier, the 2021 Hercules Power Program runs from January 1, 2021 (or later if the Dealer signs up after the initial enrollment) to December 31, 2021, and requires that the dealer (“Dealer”) and Hercules sign this Agreement to be effective. The Dealer agrees to use its best efforts to promote the sale of Hercules passenger, light truck tire and ST trailer tires to its customers.

TERMINATION:

Subject to the Effect of Termination Provision of the attached Power Program Terms, either party may terminate the Dealer’s participation in the Hercules Power Program and this Agreement with or without cause upon 30 days written notice to the other party.

MINIMUM DISPLAY AND PURCHASE REQUIREMENTS:

A Dealer agrees to display a minimum of four Hercules passenger/light truck (“P/LT”) tire lines. The Dealer must also purchase at least 200 Hercules P/LT tires annually per participating location. In addition to its other rights to terminate this Agreement, if the Dealer is not purchasing enough units during the year, based on quarterly reviews, to be on track to meet these requirements, NTD may terminate this Agreement.

PROGRAM BENEFITS:

AUTHORIZED RETAILER: For the term of this Agreement, Dealer is a non-exclusive, authorized retailer for Hercules passenger and light truck tires.

QUARTERLY VOLUME BONUS - Based on qualifying Hercules units (i.e., Core Lines + Premium Lines) purchased by a participating Dealer store each calendar quarter, a Dealer is eligible to earn a Quarterly Volume Bonus (“QVB”). The QVB is issued following the conclusion of the calendar quarter via statement credit. The schedule below is the payout structure on a per-store basis:

2021 NTD HERCULES POWER PROGRAM

ENROLLMENT LEVEL: The Dealer must select a 2021 commitment level at enrollment (“Enrolled Level”). QVB payouts will occur each calendar quarter at the bonus per unit based upon the Dealer’s Enrolled Level and meeting the Enrolled Level Quarterly Volume Commitments.

YEAR END REVIEW AND RECONCILIATION: NTD will perform a 2021 year-end review and reconciliation of the Dealer’s purchases by store. If a store’s qualifying unit purchases in 2021 are sufficient to satisfy a commitment level above the Dealer’s Enrolled Level, then the Dealer will receive an incremental QVB credit to bring the store’s QVB credit to the achieved commitment level. Similarly, if a store’s qualifying unit purchases in 2021 are not sufficient to satisfy the Dealer’s Enrolled Level, but is at or above the Bronze level, the Dealer will receive a QVB debit to bring the store’s QVB credit to the achieved commitment level. Below is an example showing purchases and corresponding QVB credit for a Silver dealer’s store that attains the Gold level:

INCENTIVE TRIPS: Dealers can also earn up to two trips to a premier resort location in early 2022. Dates and locations of the incentive trips will be announced in early 2021. There are two levels of incentive trips:

“Hercules Powerhouse Trip” - A Dealer who purchases at least 2,250 qualifying Hercules units within the 2021 calendar year may opt to attend a “Powerhouse” incentive trip. A Dealer may opt to attend a second “Powerhouse” trip if their qualifying Hercules unit purchases are at least 4,000 in 2021.

“Hercules Powerhouse Reserve Trip” - For those Hercules Power Program dealers who commit to and purchase at least 4,000 units during the 2021 calendar year may opt to attend the “Powerhouse Reserve” incentive trip. Likewise, a Dealer can opt to attend a second “Powerhouse Reserve” trip if their qualifying Hercules unit purchases are at least 8,000 in 2021.

- Registration invitations will be sent to all qualifying dealers upon unit attainment. Each qualifying Dealer selects their trip participants.
- Purchase requirements for incentive trips are not prorated. For example, the purchase requirements are the same (2,250 and 4,000 respectively) to earn a trip regardless of when the Dealer joins the Hercules Power Program.
- Dealers are limited to one of the above two trips. That means that a Dealer who qualifies for both the Hercules Powerhouse trip and the Hercules Powerhouse Reserve trips must decide which incentive trip they wish to attend. (*Hercules Power ST2 units do not count towards the trip attainment.)

“MOAB ADVENTURE Trip” - Select Hercules Dealers will be invited to join the exclusive Hercules Moab Adventure. Conditions and details of the trip will be provided in the invitation to the selected Hercules Dealer.

Generally each trip provides air, ground transport at the destination, a shared, double occupancy hotel room, food, beverage and a program of activities for two people. For international trips, be sure that all participants have current passports. Passport fees, out of pocket expenses during travel, transportation to the originating airport, room service charges, mini bar charges, other resort charges and other trip expenses are not included. Participants will need to provide a credit card at check in for their non-included resort charges, participants must be 21 years or older, and other conditions may apply.
