# Powered to perform.

FEATURING  
TIS OFFROAD 558BMRL Wheel

## Introducing a bold new entry for the Hercules Tires off-road family.

Our first-ever UTV tire, the **TIS UT1 by Hercules** is designed specifically to match the performance and dynamics of the latest vehicles in the growing UTV/ATV market. Created in collaboration with TIS Wheels, this aggressive, max all-terrain tire offers the perfect opportunity for you to move more of your customers. And Hercules Tires has your back like no one else can—from overall value and product knowledge to service and beyond.

### THE BOLD BASICS

- ◆ **Number of Sizes:** 6
- ◆ **Diameters:** 14" to 15"
- ◆ **Sidewall Design:** RBL; two unique sidewall designs, featuring both TIS OFFROAD and Hercules logos
- ◆ **Limited Protection Policy:** Eligible tires are covered for 24 months from the date of original tire manufacture date or purchase date.

# Doing double duty.

Today's UTV/ATV drivers connect with their vehicles on a personal level, as evidenced by the custom designs and finishes they select. The TIS UT1 by Hercules provides a cost-effective way to further customize by offering two unique sidewall designs in one tire.

## Features and Benefits

- 1 **Balanced void ratio and innovative biting edges on the tread blocks** offer excellent traction in a variety of surface elements
  - 2 **Center and intermediate tread block design** provides superior grip and envelop rocks and other objects when riding on rugged trails
  - 3 **Sophisticated scalloped shoulder lug design** incorporating elongated stone ejectors effectively reduces stone retention and drilling
  - 4 **Inclined deep and wide groove** enhances traction performance and maximizes debris-cleaning capability
  - 5 **Optimized footprint and tread design** creates lateral stability, maximum handling, and confidence in control during acceleration and braking
- ◆ **Dual compound** between tread and shoulder areas maximizes treadlife and rock-crawling performance
